A GRAND MUSICAL EVENT.

The Presentation of "The Little Tycoon" at the Opera House.

Friday and Saturday evenings and Saturday matinee of this week the Temple Theatre, Philadelphia, Comic Opera company will appear at the Opera House in the American-Japanese comic opera "The Little Tycoon," by Willard Spenser, which has become one of the greatest popular successes ever given in this country and the only successful American opera that has ever been received by an American public. The opera will be given by the same organization which has appeared in nearly all the large cities.

All the beautiful scenery will be used, and every effect introduced, including the great panorama of New York bay and harbor as seen from an incoming steamer, showing with life-like perfection Ocean Island, with all its summer pavilions, including the mammoth elephant, Fort Hamilton, Brooklyn Heights, Brooklyn Bridge, Governor's Island, Battery Park, Central Garden, old Trinity Church and every noticeable place of interest up New York harbor to the steamer pier, where the Bartholdi Statue of Liberty and Bedloe's Island pass before the audience view with such a realistic effect that he almost imagines himself seated upon one of the iron steamers sailing up New York bay and harbor.

The scenery is transformed from the interior of a palatial residence to a Japanese garden brilliantly lighted with hundreds of electric lights is said to eclipse any former attempt at scenic display. The sale of seats will begin Thursday morning at 10 o'clock.

A BUSINESS FAILURE.

Mr. J. Brille, the Main Street Merchant, Makes an Assignment.

Mr. Julius Brille, the Main Street merchant tailor and dealer in ready made clothing, made an assignment yesterday to Mr. R. Horkheimer for the benefit of his creditors. It is estimated that his total liabilities will reach about \$25,000, of which \$5,000 of debts to persons in this vicinity are preferred. The remainder are largely due to outside houses with whom he has dealt for years, and he has hopes of leniency on account of the misfortune which brought about his embarrassment. His total assets are in the neighborhood of \$14,000. Mr. Brille has had a long and successful career in the city, and his failure will excite universal regret.

The deed filed at Clerk Hook's office dated December 13, and conveyed to Simon Horkheimer the entire stock of goods in the store at No. 1138 Main Street, occupied by said Julius Brille, said stock consisting of men's and boys' clothing, cassimere and other cloths and goods necessary to the business of a merchant tailor, with the contents, including furniture and fixtures in general and all accounts due, the conveyance being in trust to secure the payment of said Brille's creditors, the following being preferred:

Exchange Bank	\$2,700.00
W. J. Brille	1,200.00
James B. Brille	613.00
Farmers & Merchants National Bank, Co.	600.00
W. J. Brille	127.00
C. M. Brille	127.00
Bank of America	420.00
Edward M. Brille	750.00
Frank Brille	900.00
Total	\$6,327.00

If the value of the property assigned shall not be sufficient to pay them in full, they are to be paid pro rata, and if anything shall be left after paying all those enumerated, the residue is to be applied to the payment of all other remaining claims against the assignor.

BENEDICT STEEL WORKERS.

They expect to receive an Advance in Wages Next Month.

A committee of the steel workers from Benedict W. Va., arrived in Pittsburgh yesterday morning says last evening's Chronicle Telegraph, and held a consultation with the officers of District Assembly No. 3, Knights of Labor. They represent Local Assemblies 700 and 2323, which are composed entirely of steel workers employed at the Riverside Steel Works and the Wheeling Steel Works. "The steel workers," said one of the committee, "are well satisfied that they joined the Knights of Labor. Our two assemblies are both strong now and have 400 members."

"What scale will probably be decided upon for the ensuing year?"

"We are now going in regard to a new scale which will take effect in January. You can say that the workingmen in our assemblies will not demand too much, but we expect to get this advance—just how much I can't say at present, as business is good and there is much uncertainty among the employers. We are entirely separate from the Amalgamated Association, but we do not want to conflict at all with that organization. We are not working at non-union prices, but for wages that are based on the Amalgamated scale. We propose to work in the future harmoniously with the Amalgamated Association, but there is no intention of our joining that organization. Our steel workers are too well satisfied with the treatment they have received from the Knights of Labor to desert them."

SEVERAL SCHEMES

OF IMPORTANCE TO WHEELING

Proposed or Considered in Council Last Evening—A Great List of Important Business Matters, Financial and Otherwise—Annexation.

The regular meeting of Council last evening was largely attended by members and the lobby was larger than at any meeting in the past four months. The speakers were probably attracted by a false report to the effect that the Council would be called upon to elect a Chief of the Fire Department, and in anticipation of some fun in connection with such an election. Under the new order of things the Police and Fire Board dominates the Council, and the Council conforms.

The second Branch was called to order by President Sweeney shortly before 8 o'clock. The absentees at that time were Messrs. Clator, Crawford, DeBrage, Miller, McKnight, and others. The previous meeting was read and approved. On motion of Mr. Hensley the rules were suspended in order to grant to Francis Heene, a license to keep a coffee house on No. 335 Market street, he giving William Kress and Lorenz Baiter, his financial guaranties.

CITY FINANCE.

The report of City Clerk Bowers was read and approved. It shows that up to date, the various city departments have expended in the aggregate \$202,322.64 out of the appropriations made the first of the year aggregating \$318,883.71 leaving a total balance of \$86,561.17 distributed as follows:

Board of Public Works	\$22,028.90
Fire Department	\$2,701.07
Health Department	\$3,042.94
Police Department	\$1,781.60
City Prison	\$387.37
Scales and Weighing	\$279.07
Real Estate	\$411.34
Cemetery	\$1,474.71
Salaries—Comptroller	\$3,159.01
Comptroller loan	\$1,307.25
City Water Board	\$28,371.21
City Gas Works	\$20,507.03

The Board of Public Works has expended \$23,022.63 of that part of the State of West Virginia lying north of the south line of Pennsylvania, extended westward to the Ohio river.

This provoked another discussion of a somewhat serious nature. It was finally decided on the table. The Democrats saw in it an awful Republican scheme. Col. Caldwell and Mr. Harrell feared that it would arouse the "mob" to indict greater barons in the way of taxation. Considerable fun was created by it.

MINOR MATTERS.

A number of resolutions and petitions of minor importance were introduced and either passed or appropriately referred.

The Baltimore and Ohio Railroad Company sends greetings to its patrons, by announcing that on December 24, 25 and 31, 1886, and January 1, 1887, round trip tickets, at one fare for the round trip, will be sold from all stations, to all stations on the Trans-Ohio Divisions, and on the Columbus & Cincinnati Midland R. R., including Chicago, Wheeling, Pittsburgh and Cincinnati. Tickets will be good returning until January 3, 1887, inclusive.

EXECUTOR, Geo. L. HOLLAND.

NOTICE—SPECIAL COMMISSION.

Under and by virtue of a decree of sale entered by the Court of Ohio county, Ohio, on the 10th day of October, A. D. 1886, in a certain case in equity in said Court, pending, wherein S. M. McKee and others, complainants, and James G. McKee and others, defendants, I, J. W. McKee, as Special Commissioner, proceed to sell at the Court door of the Court House of Ohio county, at public sale, to the highest and best bidder, on

part of our manufacturing establishments, being insufficient for the purpose of illuminating, while in such places the natural gas can be used with great advantage to our business without the slightest injury to the city. We do not desire to bring the natural gas into competition with the city's product, and are willing and suggest that the ordinance shall contain provisions to prevent such competition; such as providing that a permit be secured from your Board before any natural gas company can furnish gas as an illuminator to a manufacturer, confining its use to the works specified in the permit, allowing no work to be run by manufacturers.

This paper brought on a long discussion, during which the greatest disorder prevailed. Mr. Harrell was in his element, and consumed much valuable time in his alleged sarcastic remarks about the manufacturers. Mr. Sweeney and Mr. Scott explained how it was that the manufacturers desired to use the gas, and several others spoke briefly. The paper was finally referred to the Gas Trustees for a report.

MR. KIMBERLY'S COMPLAINT.

The paper written by Mr. P. L. Kimberly and printed several days since, in which he recited the loss he was subjected to by reason of being forced to disperse with Italian labor in digging the natural gas ditches for the West Virginia Company, was read and signed by Mr. Kimberly. Mr. Harrell asked permission to withdraw the paper, which was given. This was with Mr. Kimberly's consent, he realizing that this Council is too short-lived to do anything for him under any circumstances.

ANNEXATION TO PENNSYLVANIA.

The following was offered by Mr. Harrell:

Resolved, That the Committee on Legislation, when appointed, be and they are requested to ask the Legislature of West Virginia to adopt the following resolution: *Resolved,* That A. J. Sweeney, H. M. Caldwell and Joseph Bell be and they are appointed Commissioners by the State of West Virginia to confer with like Commissioners to be appointed by the State of Pennsylvania to take into consideration the purchase by the State of West Virginia of that part of the State of West Virginia lying north of the south line of Pennsylvania, extended westward to the Ohio river.

This provoked another discussion of a somewhat serious nature. It was finally decided on the table. The Democrats saw in it an awful Republican scheme. Col. Caldwell and Mr. Harrell feared that it would arouse the "mob" to indict greater barons in the way of taxation. Considerable fun was created by it.
